

CORRIGENDUM

Two figures were reversed in the article "Effects of St. Louis on Cloud Convective Heights" by authors Roscoe R. Braham, Jr., and Daniel Wilson (*J. Appl. Meteor.*, 17, 587-592). The correct layout is as follows:

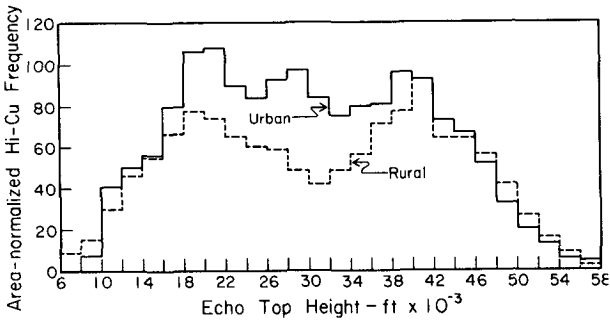

FIG. 4. Area-normalized height distributions of urban and rural hi-cu.

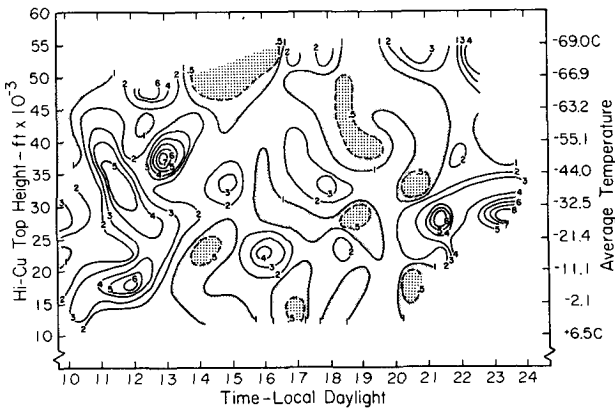

FIG. 5. Joint time-height distribution of urban hi-cu frequencies relative to rural values.
