

CORRIGENDUM

YONGMING TANG

Met Office, Exeter, United Kingdom

(Manuscript received 31 May 2012, in final form 7 June 2012)

There is an error in the final sentence of the abstract of Tang (2012). The word “overestimates” was omitted before “the strength of the sea breeze”; the full sentence should read as “The control run underestimates surface temperature and overestimates the strength of the sea breeze when compared with the run with hourly SST updates.”
