CORRIGENDUM

Author Gabor Vali has noted two errors in his article "Freezing rate due to heterogeneous nucleation" that appeared in the 1 July 1994 issue of the Journal of the Atmospheric Sciences, Vol. 51, No. 13, pages 1843–1856.

On page 1885,

1) The units of $A$ given seven lines below Eq (15) should be cm$^{-3}$ (per cubic centimeter) and

2) The first sentence at the top right-hand column should read . . . For example, with 1 g m$^{-3}$ LWC and using (11), $N_{\text{ice}}$ for High Plains clouds is 0.5 to 50 m$^{-3}$ at $-10^\circ$C. It is . . .
