Equatorial Upper Ocean and its Effects
Upon Living Resources and the Atmosphere
(this issue, p. 651)

Call for nominations

- 31 July 1984 National Technology Medals
(this issue, p. 596)

Other

- 13 August 1984 NCAR Research Aviation Facility
panel meeting
(April 1984 BULLETIN, p. 400)

employment announcements

The American Meteorological Society issues employment announcements monthly, setting forth opportunities for positions in the atmospheric and oceanographic fields. The employers describe the prerequisites and requirements for the openings.

Members and nonmembers may subscribe to the announcements. The subscription price for a calendar year (12 monthly issues) is \$6 for AMS members and \$25 for nonmembers (add \$10 for mailing to a foreign address; monthly issues will be sent via air mail). After July 1, half-year subscriptions (for July through December issues) are available at one half of the above annual prices.

The purpose of the Employment Announcements is to provide a means by which those seeking positions in the atmospheric and related fields and those requiring personnel to fill such openings may have a convenient means of communication. Organizations that wish to avail themselves of this service should contact Jean Cooper, American Meteorological Society, 45 Beacon Street, Boston, MA 02108 (617-227-2425), for details and charges.

Second Conference on Flash Floods

March 18-20, 1980
Atlanta, Ga.

The Second Conference on Flash Floods, sponsored by the American Meteorological Society, was held 18-20 March 1980 in Atlanta, Ga. The volume contains 45 papers arranged under the following session topics:

Case studies of recent flash floods • Human response • Climatology • Satellite and radar applications • Forecasting techniques • Operations • Warning systems • Forecast delivery and utilization systems

258 pages 10*
 \$15 AMS Members
 15*
 \$20 Nonmembers

(add \$2.00 postage)

*while available
