Opportunities Available to Exhibit at AMS Meetings

The exhibition program of AMS meetings provides an opportunity for professionals in the atmospheric sciences, oceanography, hydrology and related environmental sciences to learn more about state-of-the-art developments, equipment, products, services, and research in their respective fields. In addition to an annual meeting, the AMS offers a number of niche marketing opportunities where you can showcase the products and services of your firm, institution, or agency. To learn more about exhibiting at an AMS meeting, visit the meetings page on the AMS Web site or e-mail exhibits@ametsoc.org.
