

Earth Interactions

EARTH INTERACTIONS publishes integrative, interdisciplinary Earth Systems Science research that advances our understanding of the interactions and coupling between Earth's physical systems and chemical and biological processes, including (but not limited to) biogeochemical cycling, biodiversity, and the multitude of human influences. *Earth Interactions* is a joint publication of the American Meteorological Society, American Geophysical Union, and American Association of Geographers.

Chief Editor

SONALI MCDERMID
New York University

Editors

JOSEPH A. SANTANELLO, JR.
NASA Goddard Space Flight Center

XIAOYANG ZHANG
