
CORRIGENDUM

Because of a production error in “Statistical Comparisons of Observed and ECMWF Modeled Open Ocean Surface Drag,” by H. Bonekamp et al., which was published in the *Journal of Physical Oceanography*, Vol. 32, No. 3, 1010–1027, the reference list is incorrect. Several references appearing as being the work of J. Janssen are actually the work of P. A. E. M. Janssen. The corrected references appear below.
