## CORRIGENDUM

In the March 1996 issue of *Weather and Forecasting*, Eq (3) of “Predicting the Movement of Mesoscale Convective Complexes” by S. F. Corfidi, J. H. Merritt, and J. M. Fritsch on page 42 contained an error. The error was caused by a printer’s mistake and *Weather and Forecasting* apologizes for any confusion that may have occurred as a result of this error. The correct equation appears below:

$$|V_{MBE}| = [ |V_{CL}|^2 + |-V_{LLJ}|^2 - 2(|V_{CL}| \cdot |-V_{LLJ}|) \cos \phi ]^{1/2}, \quad (3)$$
