

# Monthly Weather Review

MONTHLY WEATHER REVIEW (*MWR*) publishes research relevant to the analysis and prediction of observed atmospheric circulations and physics, including technique development, data assimilation, model validation, and relevant case studies. This research includes numerical and data assimilation techniques that apply to the atmosphere and/or ocean environments. *MWR* also addresses phenomena having seasonal and subseasonal time scales.

## Chief Editor

RON MCTAGGART-COWAN  
Environment and Climate Change Canada  
Associate Chief Editor  
JOSHUA P. HACKER  
National Center for Atmospheric Research

## Editors

JEFFREY ANDERSON  
National Center for Atmospheric Research  
TOMMASO BENACCHIO  
Danish Meteorological Institute  
MARK BUEHNER
