The JOURNAL OF PHYSICAL OCEANOGRAPHY (JPO) publishes research related to the physics of the ocean and to processes operating at its boundaries. Observational, theoretical, and modeling studies are all welcome, especially those that focus on elucidating specific physical processes. Papers that investigate interactions with other components of the Earth system (e.g., ocean–atmosphere, physical–biological, and physical–chemical interactions) as well as studies of other fluid systems (e.g., lakes and laboratory tanks) are also invited, as long as their focus is on understanding the ocean or its role in the Earth system.

Chief Editor

JEROME A. SMITH
Scripps Institution of Oceanography

Editors

MAARTEN BUISMAN
University of Southern Mississippi

PAOLA CESSI
Scripps Institution of Oceanography

SYLVIA T. COLE
Woods Hole Oceanographic Institution

ILKER FER
University of Bergen

GREGORY FOLZ
National Oceanic and Atmospheric Administration

JODY KLYMK
University of Victoria

YUENG-DJERN LENN
