There were two related reference and citation errors in Roy et al. (2011) that need to be corrected. First, on the fourth line of the second column on p. 2313, the text published as “Matear and Hirst 2001, manuscript submitted to G-cubed” should have simply read “Matear et al. 2000.” Second, the associated reference is missing in the reference section on p. 2317. The correct reference, Matear et al. (2000), is shown below.

The staff of the Journal of Climate regrets any inconvenience these errors may have caused.
